

# FELIX TIMMEL

## FULL-STACK DEVELOPPER

### PERSONAL PROFILE

Hi, I'm a junior full-stack developer. I like to code keeping in mind that the end goal is to facilitate and make the user journey as efficient as possible

---

### AREAS OF EXPERTISE

- ES6 Javascript - React and, Ruby on rails experiences
- HTML, CSS
- APIs, JSON, scraping
- Hands-on Databases, SQL, Postgrs experiences
- Working knowledge of UI/UX
- Git, Github

### EXPERIENCE

#### LE WAGON MONTREAL

Janv - Mars 2020 | Montreal

Full-Stack Ruby on Rails Bootcamp. 9 weeks intensive bootcamp. During this period, I developed 3 projects wich you can see details here : <http://timmelfelix.xyz>

#### PERSONAL PROJECT

Avril 2020

Oveo : A platform related to your spotify account where you can listened to your music and have the lyrics of it. This project, developed in React allowed me to familiarize myself with this library, as well as with APIs and non-SQL databases (here firebase)
